

Aimee Ridgeway-Murray's Speech for School Council:

I would like you to vote for me because believe it or not, I will sort out your problems and I will make some good decisions. Hopefully you trust me and I promise I will always carry good advice. If you give me an idea I will tell an adult, if you want me to give notice to a class or the school, I will. If you wanted to do school news or a club, I'll do it!

I usually would be able to give up my time for anything and I will be fair in all ways. I will be a good friend and I will never put anyone in an uncomfortable position. I'm sure four school councillors from Class 3 can easily change the school.

I just want you to know I will always be on your side if you're having a hard time and remember **change is good, life is good.**
