

What can you find on a book cover? Early Years

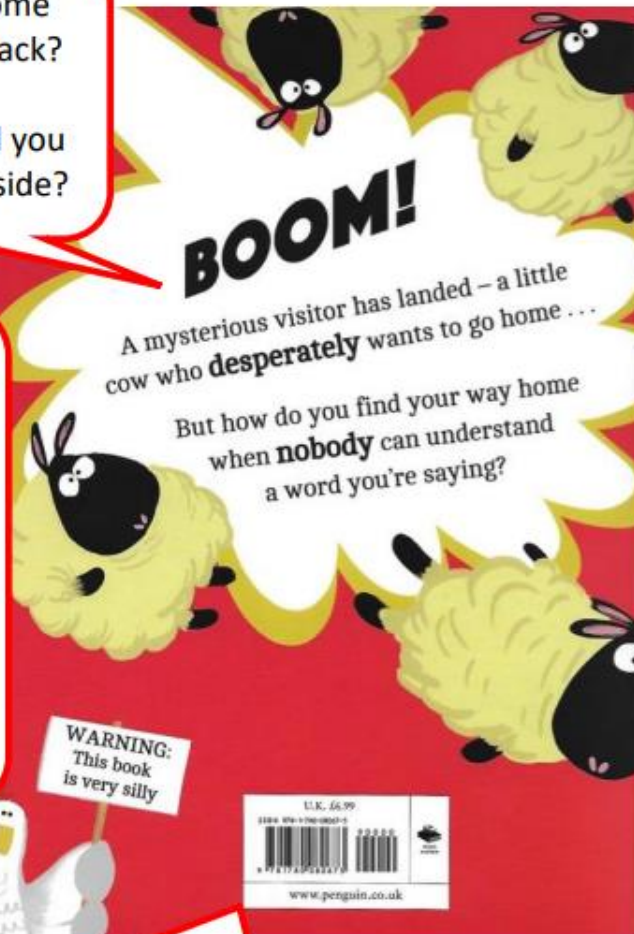

Look at and talk about what information is on the cover of a book.

Why is there some writing on the back?

What does it tell you about what is inside?

Can you tell what sort of book this is just by looking at the cover?

Do you think you would like to read this book?

Do you know what is in this little box and what it tells us?

What is this part of the cover called?

Why is it on the front?

Why is this picture here?

What does it tell you about what is inside?

Whose name is this? Why is it written in big letters?
