

Dinosaur Themed Subtraction

5 Stegosauruses are feeding on grass.

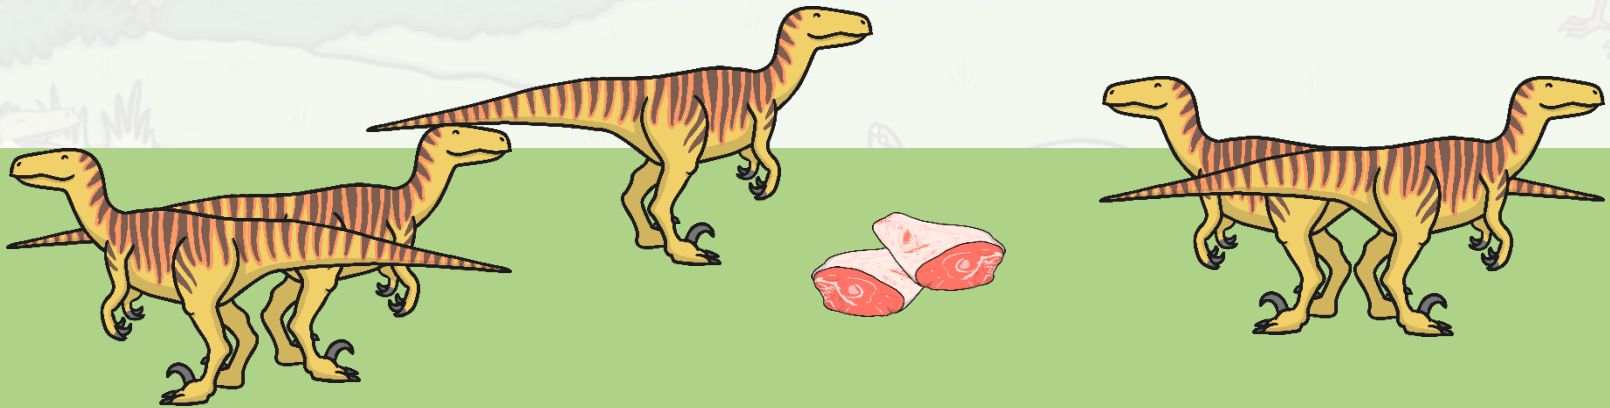

1 Stegosaurus hears a noise and runs away.

How many Stegosauruses are still feeding?

$$5 - 1 = 4$$

3 Velociraptors are scavenging.

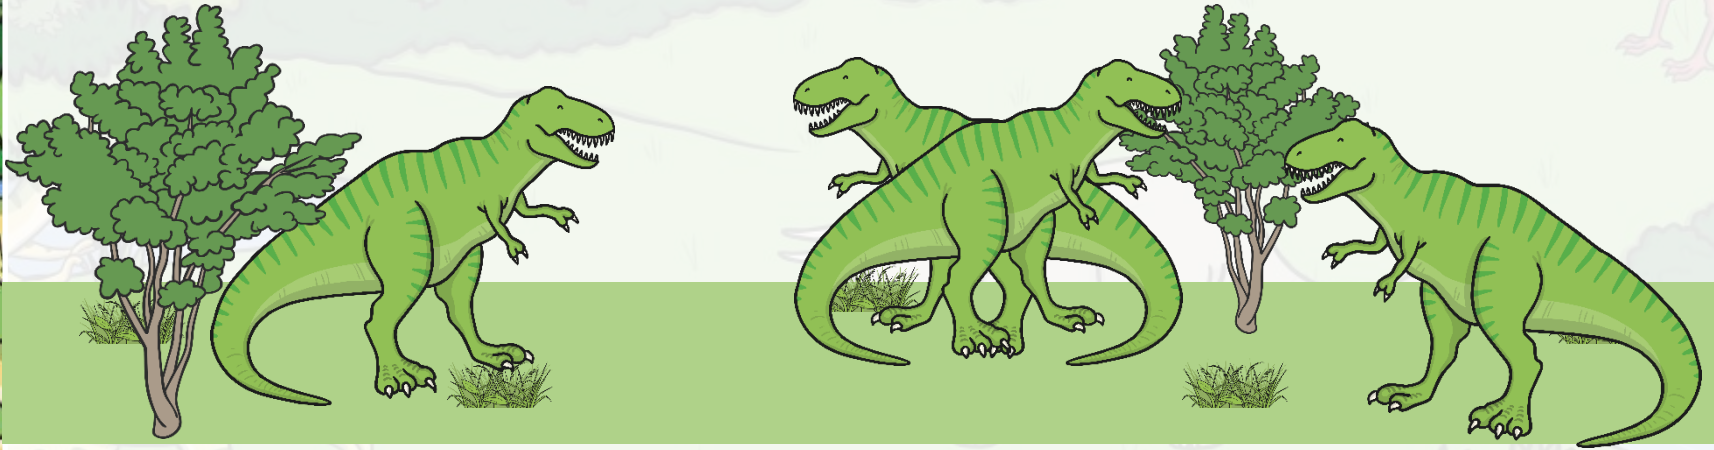

2 Velociraptors go to catch some fresh prey.

How many Velociraptors are left scavenging?

$$3 - 2 = 1$$

3 Tyrannosaurus are hunting for prey.

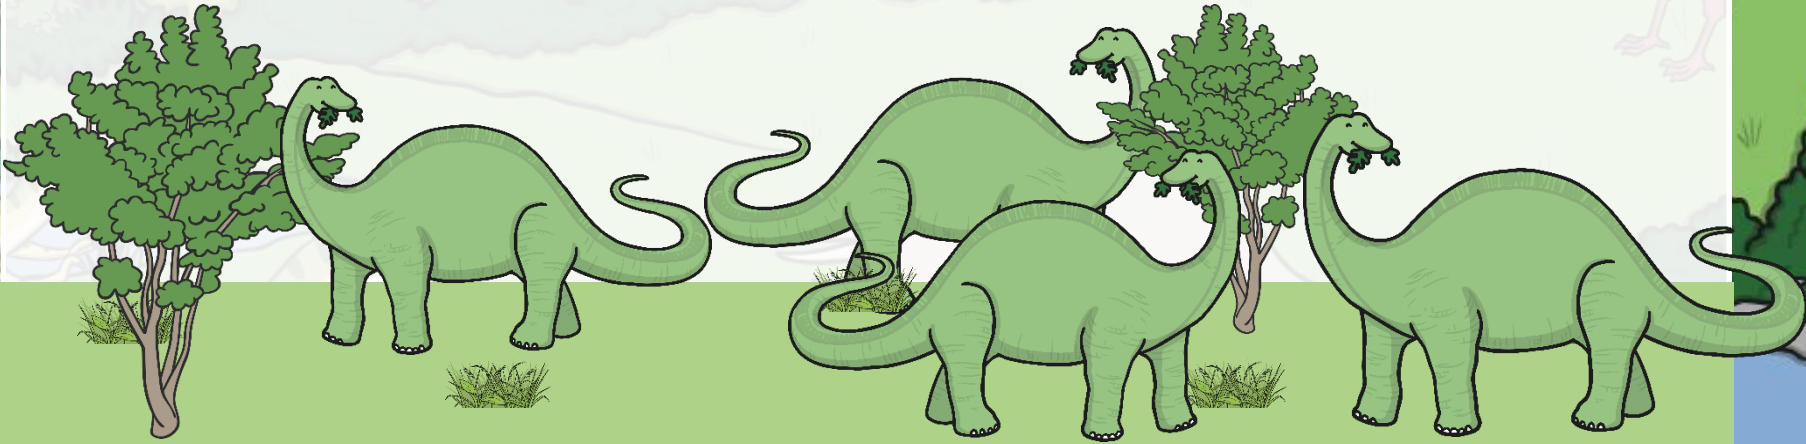

They move elsewhere because they cannot find anything in this area.

How many Tyrannosaurus are left in the area?

$$3 - 3 = 0$$

4 Apatosauruses race to feed on trees.

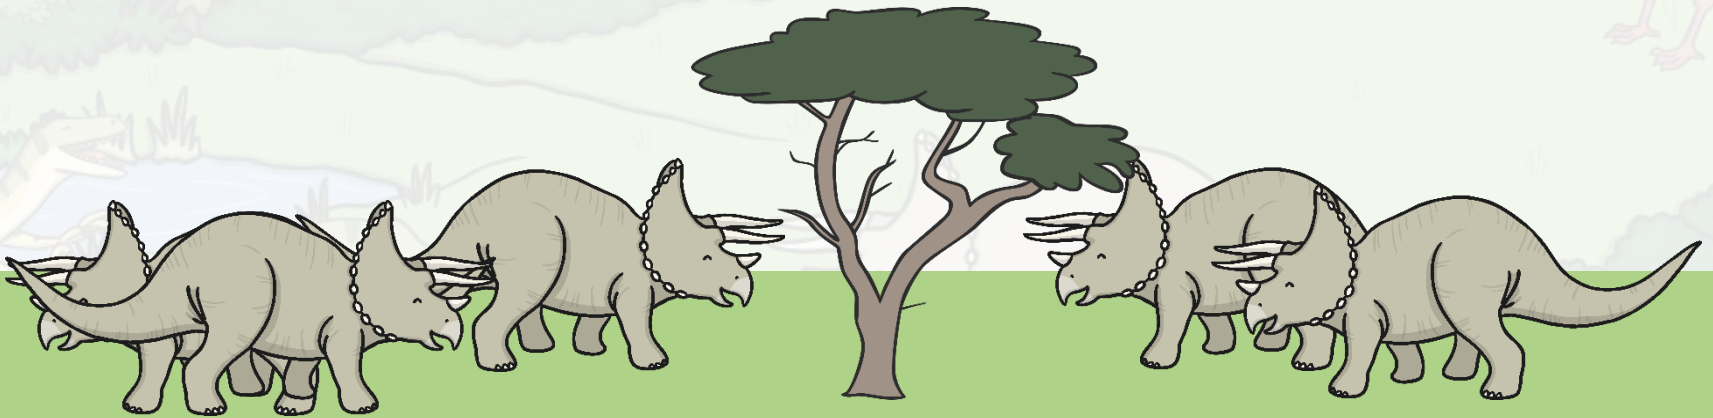

2 Apatosauruses leave to find their own trees to feed on.

How many Apatosauruses are left feeding in the area?

$$4 - 2 = 2$$

4 Triceratopses are trying to feed.

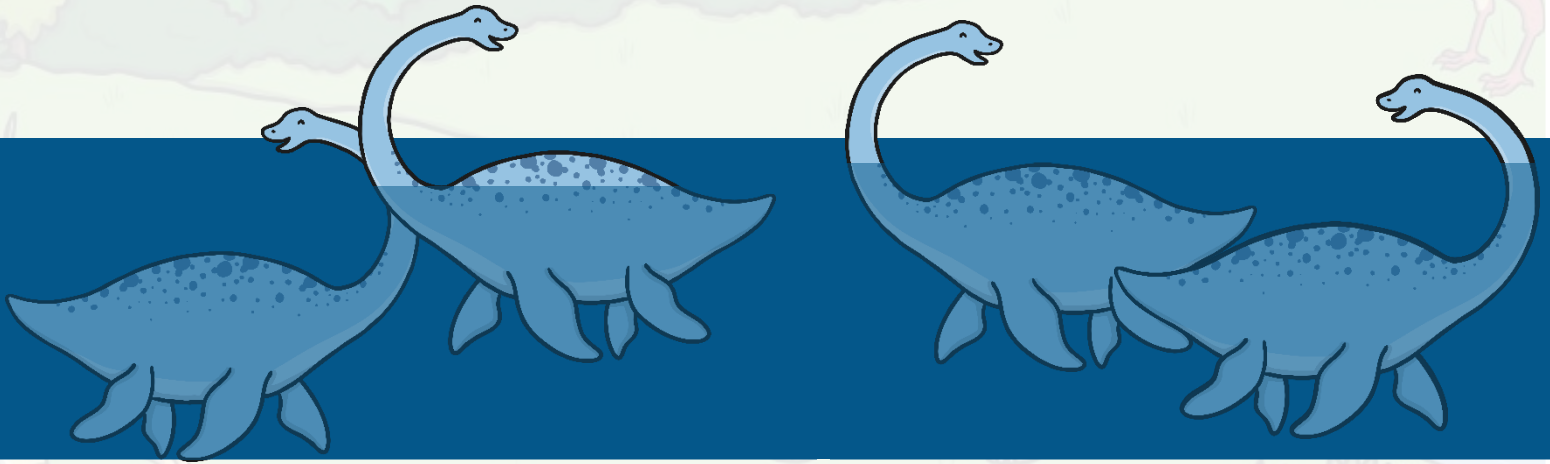

There is not enough food for them all. 1 leaves to find food elsewhere.

How many Triceratopses are still feeding?

$$4 - 1 = 3$$

2 Plesiosaurus are swimming.

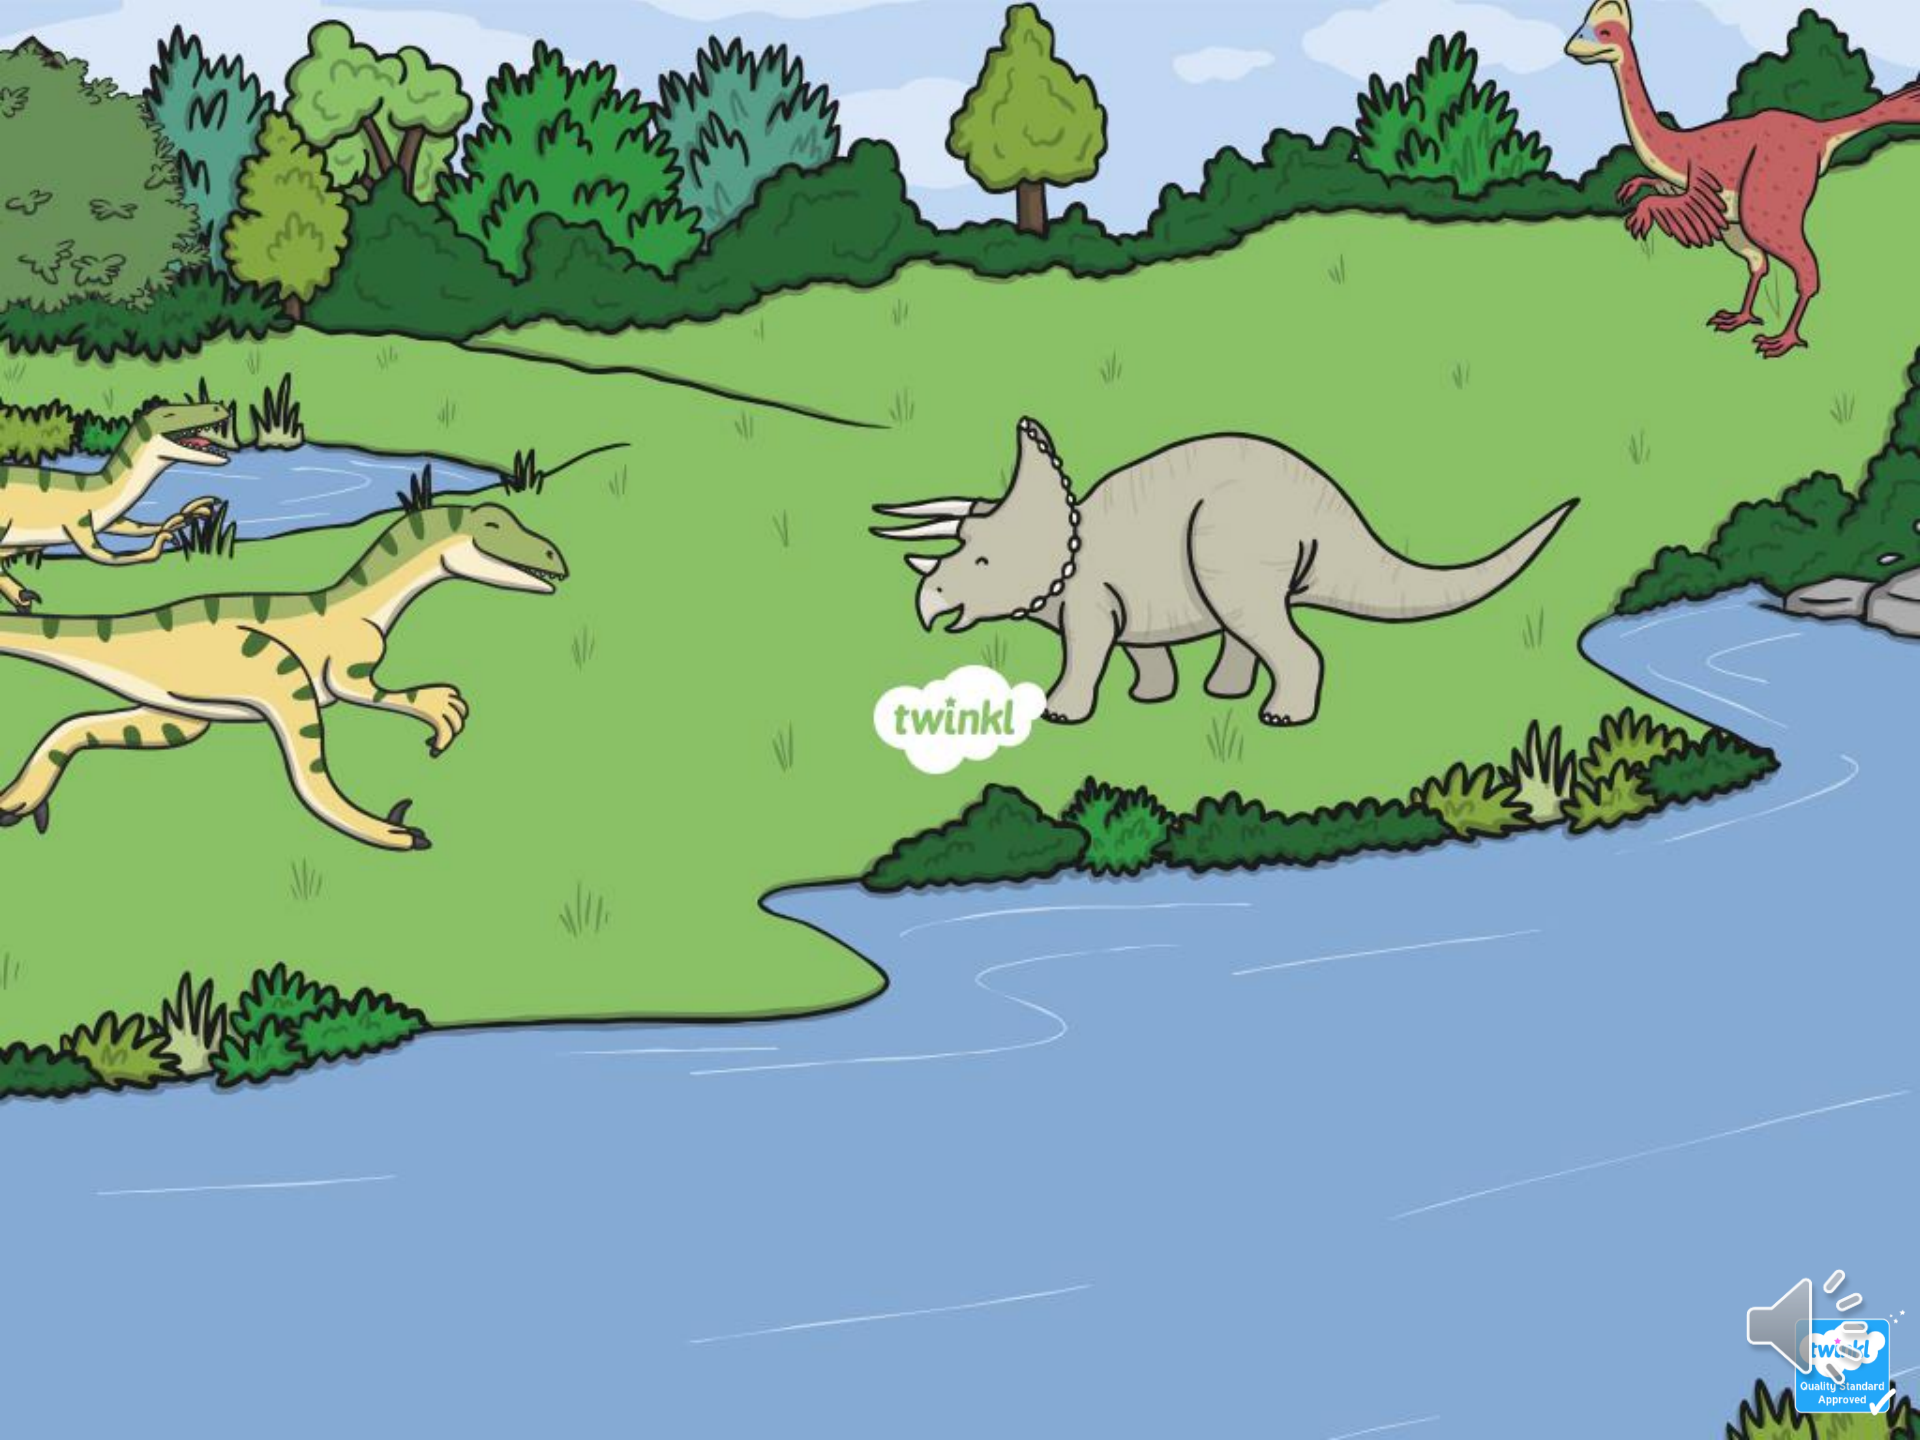

1 Plesiosaur swims to land to lay her eggs.

How many Plesiosaur are left in the sea?

$$2 - 1 = 1$$
